

## 345 Rubber Brush™

Outdoor entrance mat with flexible fingers to remove dirt and debris for high traffic areas

Rubber Brush™ mats are constructed of tough natural rubber to remain flexible while withstanding extreme cold. Thousands of tough, flexible rubber fingers sweep shoes clean while suction cups on the underside of the mat help to minimize shifting. Due to its durable construction, this outdoor bristle mat is the perfect year round outdoor entrance mat for schools, municipal buildings, plant entrances, and office buildings.

- Tough natural rubber remains flexible while withstanding extreme cold
- Thousands of flexible rubber fingers sweep shoes clean
- Suction cups on underside help to minimize mat movement
- Molded beveled edging on all 4 sides creates a retention dam to trap moisture and hides debris
- Heavier duty/better than competition
